EXPERIENCE

Dolami Inc (Remote)

Dec 2022 – May 2023

Frontend Developer / Founding Engineer

Remote, San Francisco, CA

- Develop and maintain user interfaces for Dolami's products using React, Next.js 14, **Atomic Design principles, SCSS, and TypeScript.**
- Participate in regular meetings, actively contributing ideas and leading discussions when necessary.
- Collaborate effectively with colleagues in **English**, fostering clear communication and a positive team dynamic.
- Thrive as the current lead Front-End Developer, taking ownership and initiative in my projects.
- As a founding engineer, my **marketing skills** increased by **30%**
- Privileged to meet with **other founders**, ask questions, and clear doubts.

MidChain Technologies (Remote)

Dec 2022 – May 2023

Frontend Web Developer

Remote, Lahore, Pk

Thrived in a fast-paced environment at Midchain, contributing to a multi-sided school management system built with React, React Query, TypeScript, and **Atomic Design** principles.

- Delivered high-quality code under **tight deadlines**, demonstrating a **40% increase in development speed.**
- Mastered remote work ethics and thrived within a collaborative ecosystem.
- Supported the team by working collaboratively and providing **guidance to new developers.**
- Effectively managed **multiple projects simultaneously**, prioritizing tasks and ensuring efficient delivery.

LoopBrackets

Apr 2022 – Nov 2022

Frontend Vue Developer

Lahore, PK

- Increased website performance by **50%** through **Vue 3** adoption, eliminating reliance on jQuery and PHP.
- Improved SEO by **30%** by leveraging **Nuxt 3's** Server-Side Rendering (SSR) capabilities.
- Actively participated in Scrum ceremonies, including daily standups to enhance **productivity by 40%.**

Sigma EMP (Remote)

Dec 2021 – Mar 2022

Frontend Vue Programmer

Remote, Malaysia

- Built user-friendly interfaces for landing pages, product pages, shopping carts, and the checkout process.
- Implemented Vuex state management and Vue Router for efficient navigation and data handling.
- Actively participated in Scrum meetings, honing my communication and collaboration skills.

OTHER

- **Technical Skills:** React, NextJs, JavaScript, TypeScript, Redux, Zustand, React Query, SWR, VueJs, NuxtJs
